//about

I'm a creative web developer skilled in HTML, CSS, and JavaScript. My passion is producing sharp, innovative designs for stellar user experiences. I'm a resourceful and independent worker, highly goal-oriented, collaborative, and interested in a multitude of front and back end technologies.

//skills

Technical

- HTML, CSS, accessibility, responsive design
- JavaScript (ES6+), React
- Version control (Git, GitHub)
- Gravit, GIMP, SAI, Photoshop, and others
- Apprentice skills: Python, jQuery, Sass, Bootstrap, CMS (WordPress, Drupal), Electron, Flask, Jinja2

Personal

- Passionate, strong work ethic
- Outstanding communication and team collaboration
- Time management, processing multiple time-sensitive projects simultaneously
- Experience managing extremely sensitive client documents

//education

//experience

Iowa, 2019 - present

Safe Harbor International Ministries - Web Design and Development Intern

- Ensured site-wide accessibility through the use of alt text on images, focus rings, semantic HTML, and WCAG 2 AAA text color contrast compliance
- Contributed to the design and development of several key web pages and components, including hand-coding CSS to ensure the desired look and feel of the site
- Discovered and corrected any compatibility issues with plugins and style sheet errors

Iowa, 2013 - present

Independent Contractor (Legal Document Preparation)

- Created and formatted legal documents by transcribing recordings into accurate and error-free text
- Handled highly sensitive legal documents in a time-sensitive manner
